FATHER AND SON SCOUT BANQUET

Queen Scout Barry Rosenberger, left, Scoutmaster Fred Tookley, son and Queen Scout Bill Uchelyny, right, at the Father and Son Scout Banquet.

Drayton Valley Boy Scout Association put on their annual Father and son banquet in Scout Hall on Monday evening, November 27, with most of the Boy Scouts present, with their fathers. Fred Tookley, Scoutmaster for Troop 8, Drayton Valley Boy Scouts, gave a talk on the principles of Scouting, stating that the objective of the Scout program are to build up the boy: spiritually, mentally and physically. Tookley gave a few illustrations as to how the program works. Following that, a film was shown of the World Scout Jamboree held in England, in 1957. This was an extremely interesting film done in color, and with accompanying sound track that gave the various calls of the Scouts and their leaders in their native tongues.

Master of Ceremonies for the occasion was Queen Scout Bill Uchelyny. Following the film, Group Committee Member Walter Krause made a presentation of Appreciation for work in behalf of the Boy Scout movement, to Mr. Jack Heyland, who has recently resigned from the Scout

(Cont. on page 12, Col. 1)

PRINCIPAL SPEAKS TO HOME & SCHOOL

Elementary School Principal John Gray points to the screen on which is projected pages of books in the class room. The Opaque projector and screen are much used in class work at the school.

In the regular Monthly Monday night meeting of the Home and School in the Elementary School Auditorium Principal John Gray was the featured speaker, addressing a very good representation of parents and teachers. Mr. Gray showed samples of the reading material used in the school which he showed on a screen by means of an Opaque Projector, a projecting device that is used in the school as a means of bringing the reading subject before the entire classroom.

The speaker showed the work of Division 1 children, learning the basic skills, particularly in reading. In Grade 4 they extend the program to include Social Studies and Science. "However" said Mr. Gray, "there is still much to be done on the basic program so we examine reading and spelling skills. By the time the pupil has reached Grade 4 there is a wide range of achievement, varying with the mental ability of each Grade 10 level".

"Fortunately", the speaker continued, "there are few at each end of the skills in our school, but as a average grade 8 class will have a year's difference in reading ability. This brings up the question: How do we compare with the average parent? Mr. Gray, to answer that question gave a demonstration with the Opaque Projector and sound recordings of the children's reading.

The material ranged in difficulty from grade 1 readers to such books as Black Beauty, Treasure Island, and Wind in the Willows, which ranges in scope from fourth grade to Junior High School material.

Some of the children were apprehensive of oral reading; they will

be required to develop silent reading skills, as demonstrated in the Reading Laboratory Kit which they are using for this purpose. On the other hand, some gave a polished reading of difficult material and they are being given the opportunity to read some of the great classical works of literature, and, as the tape recordings showed, they are developing a love and enjoyment for the classics, including poetry.

The Opaque Projector is an instrument in which a book is inserted in the projector and is then projected on the screen, page by page. It is used mostly in the primary grades. Children who are now in grade 4 have now had a continuous program of reading and those who have not mastered the reading skills have not been repeating the same work until they are bored with it, by continuously using the same books, designed for very young children in the beginning grades. Instead they are provided with high-interest, low-vocabulary books in which they find interesting reading, with a steadily increasing vocabulary. This material is called the Dolch (Cont. on page 3, Col. 1)

FIRE DESTROYS HOME

Mr. Gregor, with his little dog, Sparkie, which saved his life in the fire that destroyed the farmhouse. Sparkie barked and awakened Mr. Gregor.

The Gregor house was completely demolished, with only the chimney standing to mark the spot where the house had stood.

Fire, believed to have started in the electrical wiring, completely demolished the farm house of Mr. and Mrs. Lou Gregor, at their farm four miles west of Rocky Rapids. The fire started during the night, and had made great headway by the time it was discovered at about one thirty in the morning on Thursday, November 23. While the house and all contents, including personal belongings, was destroyed by the fire Mr. Gregor counts himself as very fortunate that he escaped with his life. He was sound asleep at the time the fire broke out and was awakened by the barking of his little dog, "Sparkie". When Mr. Gregor did not get up right away the little dog jumped on him to wake him more thoroughly. As Gregor roused up he saw at once what was taking place and jumped out of bed and dressed hurriedly. The house was burned to the ground in the matter of moments from the time he got up. At the time Mrs. Gregor had been in Drayton Valley with friends, looking after their children.

Little Sparkie will be quite a hero in the Gregor family from now on. Work will be started on a new house as soon as possible.

PRINCIPAL SPEAKS TO HOME & SCHOOL. From Page 1, Col. 2 Readers. The first of the series of ten different titles has 110 basic words the second series of ten titles has 220 basic words. At any one of the ten the child will find the 220 basic words. Finally, in the series, Dots, Pleasures Readers, of ten titles the child encounters 1000 basic words, at the same time introducing the young student to some of the great classics.

Following the talk and the demonstration of reading skills the meeting adjourned to look over the demonstration of school work: writing, spelling, art, etc. which had been placed in the auditorium. Coffee and cookies were served by the ladies

Since the hospital opened until the end of 1960, 658 babies were born in Drayton Valley with a gestational loss of 11 - a figure of 16.7 per thousand, which is 2/3 of the provincial average. This is an index of the number of babies still born or dying in the first week of life. During 1960 the Drayton Valley figure was 8.8 - 1/3 of the provincial average.

All the rest including Drumheller Municipal, Wetaskiwin, Barrhead, and Westlock, had less than our town.

The following statistics are taken from the Progress Report of the Pre-Natal Mortality Committee for 1960-1961 of the Canadian Medical Association, Alberta Division and may be of interest to Drayton Valley Readers.

Drayton Valley Hospital had 341 babies born in it during 1960. Of the 105 hospitals in Alberta only 14 others exceed this number, i.e. the big hospitals of Edmonton, Calgary, Lethbridge, Red Deer, Medicine Hat, Grand Prairie, Camrose and Lloydminster.

LEGION AUXILIARY NEWS

The activities of the Auxiliary
the past two months have been
many and varied.

On October 15th the Legion and
Auxiliary catered to the District
rally — this event proved to be
very successful.

A Masquerade Dance was held
on October 27th, this proved to
be most interesting. Approximately
200 members and guests
attended. Some were costumed
as "Indians" some as "Tudors".
The "roaring Twenties", another
group came as a Robin Hood and
his Merry Men with Frit Tuck,
others came as Mexicans and
Senoritas. Many individual
costumes were very amazing, such
as the "Musical Ballet Dancer"
and Miss Drayton Valley.

The Auxiliary wished to thank
everyone participating, also
asked to pick up your tickets for
the social from the Secretary,
Pat Jenkins — the tickets are \$1.50.

Please pick up your tickets not
later than December 7th. We
hope to see you all there with a
plate and a fork.

Patricia O. Jenkins
Auxiliary Newsreporter.

THE CASE AGAINST FLUORIDATION

BY ROBERT HEWTON
M.C., Ph.D., D. Sc., LL.D., F.A.I.C., F.
R.S.C.

1959

PUBLISHED BY — EDMONTON PURE WATER ASSOCIATION

CONTINUED FROM LAST WEEK.

The endorsement of fluoridation
by the American and Canadian
Dental Associations, and the
American and Canadian Medical
Associations, is quoted by propo-
nents as a conclusive argument.
Impressive as this may sound at
first hearing, it is heavily dis-
counted by the abundant evidence
that the membership-at-large of
these associations are by no
means unanimous in support of
fluoridation. Many members have
in fact registered vigorous ob-
jection to fluoridation, in other
places, of which a few examples
will be given.

In March, 1956, a petition signed
by 83 Michigan doctors and
dentists was presented to Gov-
ernor Williams, protesting against
the promotion of fluoridation by
the Health Department of that
State. At a hearing in New York
on March 6, 1957, a statement
signed by 300 doctors and den-
tists (later increased to 1,500)
charged that selected and irrele-
vant data had been used to
prove the concept that fluoridation
is a good thing. At a meet-
ing in San Francisco, April 12,
1958, the Assembly and House
of Delegates of the Association
of American Physicians and Sur-
geons (which has 15,000 mem-
bers) voted unanimously to "con-
demn the addition of any sub-
stance to public water supplies
for the purpose of affecting the
bodies or the bodily or mental
functions of the consumer".

Arthur C. Ford, who has charge
of the water supply of New York
City, points out that his depart-

ment has extensive laboratories
staffed by reputable scientists
and competent sanitary engineers,
who have had the matter of fluor-
ides under scrutiny for over 20
years. In the third of a series of
reports condemning fluoridation
(March 6, 1957), Commissioner
Ford speaks of "a flood of mail
on fluoridation... more than 90%
in opposition." He adds: "A
good many letters are from doc-
tors, scientists and nutritionists,
many of world-wide reputation,
almost all against fluoridation.
One letter in our files comes
from a Nobel prize winner in the
field of nutrition. He is against
fluoridation". Later in the same
report comes this statement:

"When I came to the Department
three years ago, I thought that
fluoridation might be a good
thing. Now that I have spent a
great deal of time, in company
with others, studying the available
information on the matter, I am
convinced that not only has no
proof of long-range safety of
fluoridation been established,
but the converse is true; proof
exists of fluoride damage to
persons in fluoridated communi-
ties. Also, whatever benefits may
result in reduction of tooth decay
have been grossly exaggerated by
a curiously erroneous and prom-
otional handling of fluoridation
statistics in a way which would
never be tolerated in an engineer-
ing office." Towards the end of
the same report Mr. Ford elabor-
ates this statement by analyzing
the flimsy basis of Dr. James H.
Shaw's book, so often quoted by
fluoridationists and feature
writers. He finds completely in-
adequate every experiment sup-

posed to support Dr. Shaw's case.

The resolution of the Association
of American Physicians and Sur-
geons, condemning the use of
public water supplies as vehicles
of medication, touches of the
heart of the problem. Water
serves as a common carrier of
natural products within the body.
It is a passive rather than an ac-
tive agent in the human economy.
Fluoride is added for the specific
purpose of modifying the develop-
ing structure of the teeth, just as
any other drug might be used to
modify other body processes or
structures. To process drinking
water in this way, thus convert-
ing it into a medicinal fluid, is
to pervert nature. To force it
upon unwilling citizens is a vio-
lation of human rights. It is on
this ground that the Ontario leg-
islature's private bills committee,
on March 6, 1958, voted 15 to
2 against legislation which would
permit the city of Ottawa to
fluoridate its water supply. A
medical member of the commit-
tee crystallized the general feel-
ing when he said: "I cannot force
this medication down the
throats of people".

The fluoridation of public water
supplies would set a very danger-
ous precedent. It suggests such
an easy way of getting popular
cures used by whole populations,
that from time to time wrong
measures would be brought to bear
by well-intentioned groups to
have other drugs administered the
same way. Pure drinking water is
such a precious asset we should
be so precious that we should
purpose other than to improve its
quality as water, not as medicine
or food.

The attempt to justify fluoridation
by analogy with other sanitary
measures now accepted by the
public, such as chlorination, can-
not be sustained. Chlorine is
added, not to modify body struc-
ture but to destroy impurities in
the water, namely, harmful germs.

The Chapel Hour

"Trouble Can Swim"

By Dr. Dale Oldham, Radio minister over THE CHRISTIAN BROTHERHOOD HOUR, CRED, 9:00 - 9:30 every Sunday.

THREE STEPS TO DELIVERANCE

General redeemed members of Alcoholics Anonymous listed three steps they had taken to find healing from alcoholism. First, they said "we admitted we were powerless over alcohol, that our lives had become unmanageable." Next, "We came to believe that a Power greater than ourselves could restore us to sanity." Third, "We made a decision to turn our lives over to the care of God as we understood Him."

So here are three steps to healing: first, the admission of defeat; second, faith that what we cannot do for ourselves can be done with the help of God; and third, the resolve to turn our lives over to God and make a complete surrender of it.

WHY ALCOHOLICS?

Why do people become alcoholics? Dr. Bonnell writes, "An alcoholic is a person who is emotionally immature and therefore cannot face life's difficulties without the temporary and deceptive reinforcement of alcohol."

No one can understand an alcoholic who does not understand this statement, for the problem is

ST. ANTHONY CATHOLIC CHURCH: Rev. Father Schuster, Morning Mass at 9:00 A.M. every Sunday.

CHURCH OF JESUS CHRIST OF L.D.S., Sunday School - 10 A.M. in Drayton Valley School.

PENTECOSTAL CHURCH: Services in Portella Tabernacle behind Drayton King, Sunday School, 10 a.m. Morning Worship - 11 a.m. Evangelistic Service - 7:30 p.m.

KINGDOM HALLS (Deborah's Witness) Across the street west of the Calgary Power Off. Service 10:30 p.m. Friday, Sunday at 3 P.M. Rev. Gilbert Presiding Minister.

FIRST BAPTIST CHURCH: Rev. G.L. Remington, Pastor, 44th St. at 80th Avenue, Sunday Bible School 10 a.m. Worship - 11 a.m. Evangelistic Service 7:30 a.m. Youth Fellowship-Pri. 8:00. Mission Circle-Third Pri. 9:00

senses a feeling of relaxation and a content which he comes the source of an inner peace and serenity, the possession of which frees the individual from his compulsion to drink. In other words, an act of surrender is an occasion when the individual no longer fights life, but accepts it.

How right he is! Surrender is! He man-alcoholic or any other can be saved until he throws up his hands in a submission of control and spiritual defeat and crisis, "I had have mercy on me!"

Pride is our greatest obstacle. The self struggles wildly before accepting crucifixion. Prides goes, and our lives over to the care of God. "Step 4: We made a decision to turn our lives over to the care of God." "Step 5: We made a decision to turn our lives over to the care of God."

ARE YOU A SLAVE?

Are you a slave to any kind of sin? If so, are you saying, "I can quit this any time I want to?"

But down deep in your heart you know it isn't true. There is no deliverance until you give up this pride and say with David of old, "I have sinned, I'm guilty. I can't help myself. Lord, help me!"

The alcoholic's will is impervious when he is tempted to drink. That's why he is an alcoholic. But this same thing is true with people in other areas of sinful failure.

For example, the kleptomaniac is helpless when tempted to steal. The homosexual sees helpless to break away from his abnormal pattern of life.

UNABLE TO DELIVER OURSELVES

There are others who find it impossible to resist temptations of the flesh, going from one affair to another, hating themselves at every step, but unable to find deliverance.

One girl said, "I have had some pretty scary experiences. I can't seem to think straight. I feel I have had a few beers. It seems impossible to know what is right and what is wrong. I feel I refuse to surrender to God."

It is said that there are more than five million alcoholics in the United States and about a million of these suffer from acute alcoholism. The United States Department of Health calls alcoholism the fourth most prevalent disease in the nation, led only by heart trouble, cancer, and mental illness. About one out of every three alcoholics is a woman.

Professor David A. Steward says that six qualities of character are to be found in an alcoholic. These are: wild thinking, intemperance, impulsiveness, grandiose ideas, mendacity and immaturity. The longer the alcoholic goes, the more pronounced these characteristics become.

In closing let me list the twelve steps taken by a group of redeemed alcoholics in finding freedom. They said that step No. 1, "I admitted we were powerless over alcohol - that our lives had become unmanageable."

"We came to believe that a Power greater than ourselves could restore us to sanity. Step 2: 'We made a decision to turn our lives over to the care of God.'"

LUTHERAN CHURCH NEWS

These were thirteen ladies and Pastor Steyer present at the November meeting of the Ladies Aid.

Pastor Steyer continued the study of the book "Helping Families Through the Church" with special emphasis on:

1. Christian Teaching and Guidance.
2. Christian Harmony and Right Relations.

A donation of \$5.00 is being sent to the Lutheran Hour.

The ladies are preparing to send a beautiful gift of clothing to the Lutheran Women Relief.

Plans were discussed re. Xmas for the church and the package of Xmas bags for the Sunday School children. Donations for these bags should be given to Mr. C. Schneider.

Invitation has been sent to the Misses Viola and Irene Engstrom, of Wetzlar, who are home on leave from their mission station in Mexico, to speak at the service on Sunday, December 13th, and to show pictures of their work.

Services of the First Baptist Church are being held in the basement chapel of the parsonage on 4th Street at 5th Avenue.

RECOMMENDED SUNDAY MORNING LISTENING.

Looking at Recreation

By Michael Gormley, Executive Director, BOXING WEEK.

The sport that gave Drayton Valley its most thrilling and most memorable spectacle will be resumed on a local basis next Friday evening, December 1st. The opening boxing show of the season will be held at the "S.P.O. 8th Community Hall" starting at 8:00 P.M. This is the first local fight presentation since the National Championships were held here last May. The big tournament, as you remember, was a great success in every aspect publicizing our community across the nation.

Friday night's card will feature an outstanding array of local talent from Free Place, and the Federation Club in the city. He has looked good in early training and should develop into quite a scrapper before this season is over. Other local boys who hope to see action on Friday are rugged Arnold Weathers who will come in at about 115 lbs. colorful Gary Maser, the 106 lb. Provincial Champion in 1980 and, Arvin Corbin, who is a potential champion and will be competing at a tournament this year. Gordon Cross is in the process of lining up the best available opposition for those boys as well as arranging the other contestants on the ten-hour card which he hopes will open the local fight season in a big way.

Andy Anderson, the chief official for the local club has lined up a very competent array of officials to handle the show. Anderson himself will referee several of the bouts and he hopes to have Edmondson's Don Williams on hand to assist him with this chore. George Hogg and Jim Parsons, both of Edmondson along with Drayton's body walker Len Charbonneau and Reg Samis will serve on the jury of appeal. John Poloway will be the timekeeper and Dr. L.G. Waugh in

During the summer months several enthusiastic members dropped out of the band because of being transferred out of town. For a time it looked as though this might deal a crippling blow to the young band, however, from week to week new members stood up replacing the absentees and by September most of the gaps were filled again. The band returned regular weekly practices to the Town Hall after the summer holidays and now things look much promising than ever. The latest public appearance of the band was in the Remembrance Day Parade in which they drew many favorable comments on behalf of Karl Wahl and his group.

TOWN CALENDAR

COMMUNITY LIBRARY HOURS: Tues 12:00 - 1:00 P.M. and 3:30 - 5:00 P.M. Fri. 3:30 - 5 P.M. HOME and SCHOOL MEETING - Fourth Monday of each month in Elementary Auditorium.

Mon, Dec. 4 FREE HALL - Band Practice - 7 p.m. BERS HALL Regular Club Meeting 7 p.m. SCOUT HALL - 4:00 P.M. Bowditch - Mrs. L. Reynolds & Mrs. J. McLean 7 p.m. Emile Doucette, PLEASANT BOXING CLUB - Boxing - 7 p.m.

Tues, Dec. 8 SCOUT HALL - 4 p.m. Bowditch - Mrs. J. McLean 7 p.m. Emile Doucette, PLEASANT BOXING CLUB - Boxing - 7 p.m.

Wed, Dec. 9 SCOUT HALL - Girl Guides - 7 p.m. Mrs. Joan GAY, LADIES KEEP FIT CLASSES - Mrs. Frieda Leuenburgh 7:30 p.m. PLEASANT BOXING CLUB - 7 p.m.

Thurs, Dec. 7 FREE HALL - Band Practice - 7 p.m. GRS BY GTM CLASSES - 4:15 - 6 p.m. 8-9 yrs. Mrs. Leuenburgh RECREATION OFFICER: D.V.A.A. Meeting - 7:00 p.m.

Fri, Dec. 8 SCOUT HALL - Scouts - 7 p.m. Fred Toolery, B.O.P.E. HALL - Boxing, 8:30 P.M.

Sat, Dec. 9 SCOUT HALL - Girls Gym Classes - 6-7 yrs. 10-12 yrs. Mrs. Nelly Maser in charge. 10 yrs. and over 12-13 yrs. Frieda Leuenburgh in charge.

Rotary Football Banquet - 6 p.m. P.M. AM. SAFETY HALL. Football Dance 8:30 P.M. - 7 M.N.S. Gym.

charge of the medicals and rigid-side physician responsibilities. Jack Fells, Treasurer of the Albert Branch will represent the Amp and Athletic Union of Canada at the event.

All in all, Friday night's show should feature a most thrilling evening of fast-paced, exciting action and will be fit as a fiddle when the bell sounds Friday night. Combs' last bout was a loss to Vancouver's Winfield Schelt in the Championship Tournament. Schelt in turn went on to capture the Canadian title at 139 pounds.

In another bout at the 165 pound level Drayton's Herb Crealey will take on another Federation threat in the person of Bill Napier. This is a match arising out of their thrilling battle in the city a couple of weeks back in which Crealey carried away a close decision. Crealey, an Indian boy, is a newcomer to the local club. He has looked good in early training and should develop into quite a scrapper before this season is over. Other local boys who hope to see action on Friday are rugged Arnold Weathers who will come in at about 115 lbs. colorful Gary Maser, the 106 lb. Provincial Champion in 1980 and, Arvin Corbin, who is a potential champion and will be competing at a tournament this year. Gordon Cross is in the process of lining up the best available opposition for those boys as well as arranging the other contestants on the ten-hour card which he hopes will open the local fight season in a big way.

SKATING RINK NEARLY READY

If the weather is right the hockey rink at Drayton Valley is nearly ready for skating within the next week. Bill Nordquist has taken over again as caretaker and supervisor of the rink during the coming season. He has the surface all ready and within the few days will start to flood the rink regularly.

The rink will operate on a school-like basis, with skating sessions similar to that of last year which seemed quite satisfactory to all concerned. There will be public skating every evening during the week both before and after the supper hour except on Thursday and Friday from 4 p.m. until 6:00 p.m. when the Girls Skating Club will take over for their regular instruction period. On Saturdays the rink will be officially open during the afternoon and evening for general patronage while Sunday's skating period will be from 2:00 p.m. till 6:00 p.m. A complete rink schedule will be published in the near future.

OVER AT THE HOCKEY RINK

Preparations are also underway at the local hockey rink. A layer of sand is presently being laid down over the rink's surface and flooding operations are expected to get underway within the next week. The dressing rooms, the heating unit and some parts of the rink requires some repair work which the members are expected to do. Karl Wahl played a very vital part in this program story. He took over as bandmaster and despite the fact that none of the group every played, which would be before that time, he was able to get the band made in its first public appearance at the local ice carnival last April.

Light fruit cakes are as much a
 part of Christmas as Santa and his
 reindeer. They keep fairly
 well to can be made a few weeks
 before the holiday season.

CHERRY CAKE
 2/3 cup butter
 1/3 cup brown sugar
 1/3 cup sliced peel
 1/2 cup vanilla
 2 eggs
 2 cups flour
 1/4 cup milk
 1/2 tsp. salt
 1/2 cup granulated sugar
 1 tsp. baking powder
 1 cup seedless raisins.
 8 oz. bottle maraschino cherries.
 Cook raisins in cherry juice until
 puffy. Cream butter and sugar
 well and add well beaten eggs.
 Sift flour, measure. Dredge peel
 and cherries with part of flour.
 Sift remaining flour, baking pow-
 der and salt together and add to
 first mixture alternately with milk
 and vanilla. Add raisins and
 juice (cooked) and floured peel
 and cherries. Bake in an oiled
 loaf pan 10 x 5" for 1 1/4 hours
 in a 350°F. Gas oven.

RICH WHITE FRUIT CAKE
 1 lb. butter
 2 lbs. bleached nutmeg
 2 lbs. mixed peel
 1 cup almonds, bleached & chop-
 ped
 2 cups granulated sugar
 1 lb. glass cherries, halved
 1/2 cup salt
 5 cups flour
 6 eggs
 1/2 lb. citron peel
 8 pineapple rings, candied
 2 cup. baking powder
 1 cup. almond extract.
 Cream butter, add sugar gradu-
 ally. Continue beating. Add eggs
 one at a time, beating well.
 After each addition. Add flavoring
 Fold in sifted dry ingredients
 (ave 2 cups of flour for dredging
 fruit) Lastly fold in fruit and nuts,
 chopped fine and dusted with 3
 cups of flour. Bake at 275°F.
 in tin lined with brown paper or
 aluminum foil. Bake covered with
 a piece of crumpled foil place
 lightly on top of the tin for first
 half of baking. Makes the set

of three pens usually used for
 fruit cakes. Baking time 4 x 4"
 cake - 2 1/4 - 3 hours, 6x6"
 cake - 3 1/2 - 4 hours, 8x8"
 cake - 4 1/2 - 5 hours.

Highways

Gordon E. Taylor, Minister of
 Highways, announced the follow-
 ing items today:
 (1) That, Alberta Operator's Li-
 cences issued in 1981 will expire
 on the licensee's birthday in
 1982. Renewal applications will
 be mailed from Edmonton to the
 applicant's address of the day in
 advance of the expiry of his
 five year Operator's License.
 This will allow sufficient time for
 the driver to apply for and obtain
 his new license before the expiry
 of his five year license.

Any person who has not received
 his renewal application at least
 one day prior to the expiry of
 his old license should immedi-
 ately write to the Department,
 giving his name, address, birthday
 and operator's license number
 and request a new application form.

Alb drivers should take particular
 note of the following:
 (2) That, every driver is required
 by law to notify the Department
 of Highways of any change of
 address;
 (3) That, in the event of any
 change of name by marriage or
 by legal change of name under
 the Change of Name Act, such
 correction should be noted on the
 renewal application form;
 (4) That, on receipt of the re-
 newal application, it should be
 checked carefully to assure that
 it is correct in every way. If
 there is any error, not the error
 in the application but the ap-
 plication form.

WATER ASSISTANCE POLICIES
 Recent announcements in the
 press and by radio regarding new
 Federal-Provincial policy through
 which financial assistance is avail-
 able to assist in the drilling and
 development of community water
 wells have longed numerous
 inquiries from farmers who need
 private wells. The policy is de-
 signed as an emergency measure
 to assist rural municipalities that
 are designated as drought areas.
 The terms of the policy do not
 apply to this part of Alberta and
 there is no provision to assist
 in the drilling of private wells
 even in the drought stricken areas.

Financial assistance to a maximum
 of two hundred and fifty dollars
 is now available under the Private
 Farm Rehabilitation Act to qual-
 ified farmers throughout Alberta
 (CONT. ON PAGE 9, COL. 1)

HIGHWAYS
 (CONT. FROM PAGE 8, COL. 5)
 qualifying, application may be
 made to the nearest license-
 ing office, together with a fee
 of \$5.00 or by forwarding the ap-
 plication together with a postal
 money order for \$5.00 made pay-
 able to the Provincial Treasurer
 and Addressed to The Registrar.

At any time after procuring an Op-
 erator's License in a learner cate-
 gory, application may be made to
 the nearest Driver Examination
 Office to qualify for an unrestrict-
 ed license, provided the applicant
 is sixteen or over.

THE CASE AGAINST FLUORIDATION.

(Cont. from page 5, Col. 3)
 Moreover, children, a gas, can
 easily be boiled off by the house-
 holder if he wishes, whereas
 fluoride, a solid, can only be re-
 moved by elaborate chemical
 treatment. To make matters
 worse, the added fluoride con-
 centrates in cooking water, and
 is absorbed by vegetables or
 cereals cooked therein. When
 Rochester, N.Y., introduced
 fluoridation, a local packing
 company found itself obliged to
 install de-fluoridation equip-
 ment to avoid an injurious con-
 centration of fluoride in its pre-
 pared baby foods.

TO BE CONTINUED NEXT WEEK

ISRAELI WITNESSES NEWS
 (Cont. from page 6, Col. 5)

break down in evidence through-
 out the entire world.

A Christian must sanctify his
 conscience to God's principles. He
 must be actually aware of what is
 right and what is wrong, of what
 is degrading and what is up build-
 ing. This requires a careful and
 systematic study of the Bible. Read
 Jesus' sermon on the mount. How
 many of the items cited are ac-
 cepted as proper by Christians to-
 day. However, I say to you that
 everyone who continues worshipful
 with his brother will be account-
 able to the court of justice. "How
 many of us are carrying minor
 grudges and angry thoughts against
 our neighbours."

My meeting will be on Decem-
 ber 14th, a week earlier than
 usual, in order to prepare the
 Xmas page before the Xmas pro-
 gram on December 17th. Mrs.

our neighbours. Be about settling
 matters quickly with the one com-
 plaining against you." Matt. 5:
 21-26.

Are we morally clean? "You
 heard that it was said 'You must
 not commit adultery.' But I say
 to you that everyone that helps
 or looks at a woman to lust after
 has committed adultery with her in
 his heart." Matt. 5:27-30. How many
 men and women today are honest-
 ly trying to direct their mind into
 the right channel? Not many as
 evidenced by the broken homes,
 unwed mothers and increasing di-
 vorce rate. To say that man is too
 weak to withstand such tempta-
 tion is no excuse. Both the Bible
 and secular history are full of
 stories of common men and wom-
 en who overcame temptation.
 "Subject yourselves therefore to
 God but oppose the devil and he
 will flee from you." Jas. 4:7;
 Eph. 6:16-18.

A Christian must not only be per-
 sonally clean but he must be de-
 termined to take positive action.
 He must remove those practicing
 what is bad. Not only must he
 take no pleasure in the profanity
 and obscenity that infect the
 world but he must make an out-
 spoken attempt to discourage them.
 Courage that can only be had with
 a strong faith and an accurate
 knowledge that he is doing that
 God requires of him, that he is ac-
 countable not to his neighbour or
 his national government but to his
 Creator.

LUTHERAN CHURCH NEWS
 (Cont. from page 6, Col. 5)

Mrs. Enid Adams and Mrs. Carl
 Anderson will be visiting the hospi-
 tal for the month of December.
 Mrs. Marge Tooley and Mrs.
 Enid Adams will be cleaning the
 church for the month of Decem-
 ber.

We welcome Mrs. Siggy Nickey
 as a guest.

Our next meeting will be on Decem-
 ber 14th, a week earlier than
 usual, in order to prepare the
 Xmas page before the Xmas pro-
 gram on December 17th. Mrs.

The amazing thing is that every-
 thing which has been said about
 alcoholism applies in one way
 or another to every sinful habit
 which blinds people and refuses to
 let them go.
 However, Christ says you can be
 free, free from any and every sin-
 ful habit if you will confess your
 need and cry out for help. You
 need not go on as you are.

Whatever you bound can be
 broken. You can be free.
 If you want Christ and his new
 life with all your heart, you can
 become a transformed, victorious
 person. It is up to you.

To take care of industrial ac-
 cidents in the Drayton Valley, Gen-
 eral Motors of Canada has on
 staff two doctors, 10 nurses, a
 physiotherapist, an X-ray tech-
 nician and seven first aid men.

Dorothy E. Randfish and Mrs.
 Rose Oswald will be hostesses at
 that time.

Following the meeting a deli-
 cious lunch was served by hostess,
 Anna Marie Nichol.

LOOKING AT RECREATION

(Cont. from page 7, Col. 5)
 all over the place - singing the
 praises of the American game. I
 think a man in Mr. Glover's
 frame of mind should go where
 the grass is greener - He should
 check - possibly the New York
 Times might be needing a water-
 boy just about now.

That remark on T.V. the 19th
 Grey Cup festivities were on a
 sharp decline with the likes of
 George Trafoan as guest speaker
 at the traditional Banquet.
 I suppose everything would be
 just right and the Grey Cup would
 reach its original glory if Henry
 Singer were along the home-
 line. Personally I think the Winnipeg
 Blue Bombers of 1981 are the
 greatest all-around ball team
 ever to play on a Canadian grid-
 iron. They should take Hamilton
 by about 35-21 to take the Grey
 Cup for the third time in four
 years.

"TROUBLE CAN SWIM"

(Cont. from page 6, Col. 4)

MORE STEPS TO FREEDOM.

Step 6: "We are entirely ready to
 have God remove these defects of
 character." Step 7: "We have
 asked Him to remove our short-
 comings." Step 8: "We made a
 list of all persons we had harmed
 and became willing to make
 amends to them all."

Step 9: "We made direct amends
 to such people whenever possible,
 except when to do so would in-
 jure others." Step 10: "We con-
 tinued to take personal inventory
 and when we were wrong, promp-
 tly admitted it."

Step 11: "We sought through pray-
 er and meditation to improve our
 conscious contact with God...
 praying only for knowledge of His
 will for us and the power to
 carry this message to alcoholics,
 and to practice these principles
 in all our affairs."

The amazing thing is that every-
 thing which has been said about
 alcoholism applies in one way
 or another to every sinful habit
 which blinds people and refuses to
 let them go.

However, Christ says you can be
 free, free from any and every sin-
 ful habit if you will confess your
 need and cry out for help. You
 need not go on as you are.

Whatever you bound can be
 broken. You can be free.

If you want Christ and his new
 life with all your heart, you can
 become a transformed, victorious
 person. It is up to you.

 nician and seven first aid men.

"MUSCULAR DYSTROPHY" CAMPAIGN

DEBBIE SELMES

"Now I lay me down to sleep, I pray the Lord my soul to keep;
 if I should die before I wake, 'twill be as good as having a million
 homes on a million hills, the face of innocence, the hands
 cupped softly beneath trusting little chin... and 'Now I lay me
 down to sleep'. Debbie Selmes is two young to be thinking such things.
 But Debbie has Muscular Dystrophy.

Debbie likes to be the poster child for the Muscular Dystrophy
 Association of Canada because she likes to help the people
 who are helping her. "God bless the people who work so hard
 for me! God bless the doctors and help them to make me well!
 God bless the firmers who gave me my wheelchair." Debbie
 Selmes is too young to be thinking such things.

MDAC needs money to finance its research programme so that
 Debbie Selmes will have the glorious gift of life.

WILL DEBBIE SELMES' PRAYERS BE ANSWERED?

The wheel chair at the end of
 her bed is the clue to what this
 little girl is praying for. She's
 praying for a miracle... a cure
 for muscular dystrophy within
 her lifetime. Debbie Selmes'
 prayers may be answered if a
 science is able to find the cure
 within this decade. The Muscu-
 lar Dystrophy Association's fund
 raising drive for research began
 November 1980.

Arthur Minden, O.C., president
 of The Muscular Dystrophy As-
 sociation of Canada, announced to-
 day that the Association's annual
 fund raising campaign would take
 place during the week of Novem-
 ber 19-25 and that Debbie Selmes
 6-year-old victim of MD, would
 again be campaign poster child.

Debbie is a cheerful little girl
 who does not suspect that she will
 not live beyond her teens. Her
 young sister is also a victim of
 MD, and their mother has fears
 of sending these helpless children
 until their brief lives are conclud-
 ed.

After seven years, during which
 time MDAC has poured over a
 million and a half dollars into
 research, scientists have yet to
 discover the fundamental cause
 of MD, although they have been
 able to induce it in some animals
 by eliminating Vitamin E from
 their diet.

One of the leads being followed
 in laboratories involves work
 being done with the rare element
 known as selenium. Selenium is
 highly toxic to human beings, but
 it has been found that adding min-
 ute amounts of it to the diet of
 chickens kept them from develop-
 ing a type of muscular dystrophy
 to which they are subject. It was
 also discovered that selenium

could cure types of muscular
 dystrophy that affect lambs and
 calves.

Because of selenium's toxic nature
 scientists are going slow in attempt-
 ing to use it on human beings. As
 Dr. A.T. Milbrandt of MDAC's
 National Medical Advisory Board
 says, "I wouldn't want to give
 selenium to any patient without
 knowing a great deal more about
 its metabolism than we know to-
 day. Present-day methods are
 clumsy. A feeding-experiment
 will be necessary first."

"WHAT IS MD?"

The term "muscular dystrophy",
 like so many medical terms,
 often conveys little to the per-
 son who hears it, or sees it in
 print. The words themselves de-
 scribe a disease that is caused
 neither by a germ nor a virus,
 whose onset is a mystery to med-
 ical science, and for which there
 is no known cure, treatment, or
 preventive measure.

Cells in the human body have
 distinctive chemical composi-
 tions according to their functions:
 brain cells, liver cells, the cells
 of skin and so on. As long as
 these cells maintain their chemi-
 cal pattern they do the job they're
 supposed to do. When the pattern
 is disrupted in the case of cancer or radiation
 damage, the cells no longer work
 properly. The results of this
 are seen in the form of the
 body.

In muscular dystrophy the muscle
 cells lose their identity. For
 some reason, that is still a mys-
 tery, they change their compo-
 sition and become layers of fat
 instead of the elastic fibres they
 once were. The muscles are dis-
 torted. The victim becomes in-
 comprehensibly paralyzed and in many

FATHER AND SON SCOUT BANQUET.
 (Cont. from page 1, Col. 3)

Group Committee after a number of years of very active service in behalf of Scouting. Led by Scoutmaster Tooley the group they put on a very amusing skit of an Eskimo getting a kayak and then going on a hunting trip out this very delicately balanced northern boat.

The Master of Ceremonies, Queen Scout Bill Urchysayn, is a lad who has shown a very great interest in and aptitude for Scouting. He is a member of Troop B, Drayton Valley. Bill, with Queen Scout David Hoff attended the Dominion Scout Jamboree in Ottawa, last July 8 - 18. Scout Bill and Scout David had their fare and expenses to the 1961 Jamboree paid by four groups in Drayton Valley with the interests of Scouting in mind; the four were, the Rotary Club, the Lions Club, the Elk Lodge and the Town of Drayton Valley. As a result of the trip Scout Bill won his Jamboree Adventure Award badge. While in Ottawa the Scouts visited the House of Parliament, and many other points of interest in the capital city. Bill said that about 600 American Scouts were at the Jamboree, and Scoutmasters from many parts of the world were there to take part in the Jamboree, and of course, Scouts and Scouters from all over Canada.

Since returning to the home troop in Drayton Valley Bill has won his Bushman's Thong and Cold Cord. Another lad, Scout, Barry Rosenberger has recently become a Queen Scout.

There are two good Scout Troops in Drayton Valley. Troop A, with Emile Doucette as Scoutmaster, and Troop B, with Fred Tooley as Scoutmaster. Troop A has eighteen Scouts and Troop B has 22 Scouts. Last August the boys of Troop B made a two week camping trip to Skeleton Lake. Eleven boys went from Drayton Valley Troop, and of the eleven, eight were awarded their Swimm-ers Badge.

All phases of Scouting, both the

Cubs and the Boy Scouts have turned in a very good record, under excellent leadership. Leaders of the Cub and Scout groups give freely of their time to help develop the Scouting program and build better citizens out of our boys.

Why some hunters never grow old

Here lies a hunter
 Whose fate was to lose
 His formula for fun—

Mixing hunting with booze.
 Here lies a hunter,
 Too bad that he trusted
 His granddad's gun,
 Which was dirty and rusted.

Here lies a hunter
 Whose fate was to lose
 His formula for fun—

NIBBLES

MAKE IT REALLY MERRY... MAKE IT SAFE!

DON'T LET AN ACCIDENT SPOIL YOUR HOLIDAYS!

SAFE DRIVING WEEK DEC. 1 to 7

We glean spiritual harvests from our own material losses.
 Mary Baker Eddy
 Little minds are taxed and subdued by misfortune, but great minds rise above it.
 Washington Irving
 Wise men see'er all and wait their hour but cheerily seek how to redress them.
 Shakespeare

FATHER AND SON SCOUT BANQUET

At the Father and Son Scout Banquet in Scout Hall recently Mr. Jack Heyland received a presentation from the Scout Group Committee for service rendered to Scouting activities over the past year. Mr. Heyland is retiring from Scouting work for the time being. Making the presentation is Mr. Walter Krause on behalf of the Scout Group Committee.

He wanted to make.
 Here lies a hunter
 Who wore the wrong gear,
 He flashed a white hankie
 And was shot for a deer.

If a man doesn't get happier as he gets older, he hasn't learned what he should along the way.

By Mail
